

NAMAN SHARMA

MSc International Business & Management | Product & Digital Strategy

Manchester, UK • +44 7375625530 • naman.s.1704@gmail.com • [linkedin.com/in/namansharma1704](https://www.linkedin.com/in/namansharma1704) • portfolio-naman-17.vercel.app

PROFILE

MSc International Business and Management candidate at the University of Manchester, combining a Computer Applications background (BCA) with hands-on experience in digital marketing, product design collaboration, and cross-functional teamwork. Comfortable translating between technical and business teams, coordinating projects end-to-end, and using data to inform decisions. Seeking a Product Manager or business strategy role where this blend of technical grounding and commercial thinking can drive impact.

CORE SKILLS

Business & Strategy: Project Coordination, Stakeholder Management, Cross-Functional Collaboration, Market Research, Critical Thinking, Digital Strategy

Tools & Technical: React, TypeScript, Next.js, Flutter, Three.js/WebGL, Figma, Adobe Creative Cloud, Canva, Microsoft Office

WORK EXPERIENCE

Sierra Concepts E-Solutions Private Limited

Mar 2024 to Sep 2024

Graphic Designer (Internship), Remote, India

- Designed graphics and custom visuals across multiple concurrent client projects, maintaining brand consistency throughout
- Collaborated closely with marketing and UX/UI teams to align visual assets with each client's branding guidelines
- Contributed illustrations and visual design support for client-facing materials, from concept through final delivery

Birdsong Innovations Private Limited

May 2023 to Nov 2023

Media Manager (Internship), Remote, India

- Managed and optimised digital marketing campaigns across Instagram, Facebook, and LinkedIn
- Developed content strategies aligned with company goals, coordinating publishing schedules across platforms
- Partnered with the wider team to deliver each campaign on schedule and in line with brand guidelines

Youth India Foundation

Mar 2021 to Aug 2021

Campus Ambassador (Part-time), Hybrid, India

- Promoted the foundation's initiatives on campus through organised outreach and peer engagement
- Coordinated events, workshops, and seminars end-to-end, from planning through execution
- Led a volunteer team, delegating tasks and tracking progress to ensure smooth delivery
- Managed social media content to build awareness and strengthen the foundation's on-campus presence

PERSONAL PROJECTS

The Akashic Records | Next.js, React, Vercel (live deployment)

- Built and deployed a reading-tracker web platform that lets users organise and monitor progress across titles, owning the product from concept through to a live release

Spenny: Personal Finance Management App | Flutter, UI/UX, State Management

- Designed and built a day-to-day expense tracking app focused on simplicity and user adoption, covering concept, interface design, and production-ready delivery
